

Gerfried Nell

After having earned his medical degree from the University of Vienna, Austria, Gerfried Nell became senior lecturer in pharmacology at the Medical Faculty of the University of the Saarland, Germany and Vienna, Austria.

Later he was engaged in internal medicine at the University of the Saarland, Germany. He worked for Eli Lilly, Indianapolis, IN, USA and Altana, Konstanz, Germany, in clinical pharmacology and served as Medical Director of Ciba-Geigy and later Novartis Austria. In this position he was in charge of clinical research, registration, reimbursement, pharmacovigilance, quality assurance and medical affairs.

He founded the consulting firm NPC Nell Pharma Connect Ltd in 2004. NPC is engaged in consulting pharmaceutical companies regarding medical and regulatory issues. He is a co-founder of Rokitan Ltd, a pharmaceutical company focussing on niche products.
